

The University Democrats of UT Austin is proud to announce our partnership with Texas J Street U for their 'Stop Demolitions, Build Peace' campaign.

This campaign fights for a sensible two-state solution to the Israeli-Palestinian conflict. A two-state solution is the right way to ensure peace and stability in the region. The pattern of demolitions and evictions of West Bank Palestinian villages in Area C stands in the way of that goal. In particular, we stand in solidarity with the village of Um al-Khair, which has partnered with the J Street U's Southwest Region.

We call on Texan elected leaders to speak out against the Israeli government's reckless actions, oppose the process of creeping annexation, and to stand with organizations like J Street U to further a national dialogue in favor of a two-state solution. UDems is committed to work toward that end.

Signed,
Texas J Street U
UT University Democrats Leadership Committee
